

Privacy Policy for NitsuBot - RMP

At NitsuBot - RMP, one of our main priorities is the privacy of our users. This Privacy Policy document contains types of information that is collected and recorded by NitsuBot - RMP and how we use it.

If you have additional questions or require more information about our Privacy Policy, do not hesitate to contact us.

This Privacy Policy applies only to our online activities and is valid for visitors to our website with regards to the information that they shared and/or collect in NitsuBot - RMP. This policy is not applicable to any information collected offline or via channels other than this website.

Consent

By using our Discord bot, you hereby consent to our Privacy Policy and agree to its terms.

Information we collect

The following data points are collected from users:

- Server IDs
- Channel IDs
- User IDs
- The custom settings a user can set for a guild as well as informations regarding their usage.
- Pictures you may send by using the “Tupper” feature.
- IP address (more on this below)

Why we need your information

We need the information described above to provide the basic services we offer to you. Servers, Channels and Users IDs are used for the basic functionalities the bot provides such as (but not limited to) : ticket system, economy system, auto-moderation system...

It is always explicit when the bot stores any information of this kind and you will have been advised before it does so and you will always be able to disable/enable those features.

If a server enabled the feature “Multiple Account Protection”, new members will be prompted to visit a website hosted by us in order to complete the verification. The website will collect the IP address and use a third-party service: proxycheck.io in order to detect the use of a VPN/proxy. This information will be stored in our database in order to run the feature. Your IP address will never be shared with anyone, even the Discord server mods/owner, and will be removed from our records upon leaving the server or asking us by email or on Discord.

How we use your information

We use the information we collect in the following ways:

- Provide, operate, and maintain our discord bot
- Provide all the functionalities that the bot has to offer

WE DO NOT SHARE ANY OF THE STORED INFORMATION WITH ANY THIRD PARTIES.

Data removal

To get server or user data removed, make use of the provided in-app features or please contact us on Discord.

Third Party Privacy Policies

NitsuBot - RMP's Privacy Policy does not apply to other advertisers or websites. Thus, we are advising you to consult the respective Privacy Policies of these third-party ad servers for more detailed information. It may include their practices and instructions about how to opt-out of certain options.

GDPR Data Protection Rights

We would like to make sure you are fully aware of all of your data protection rights. Every user is entitled to the following:

The right to access – You have the right to request copies of your personal data.

The right to rectification – You have the right to request that we correct any information you believe is inaccurate. You also have the right to request that we complete the information you believe is incomplete.

The right to erasure – You have the right to request that we erase your personal data, under certain conditions.

The right to restrict processing – You have the right to request that we restrict the processing of your personal data, under certain conditions.

The right to object to processing – You have the right to object to our processing of your personal data, under certain conditions.

The right to data portability – You have the right to request that we transfer the data that we have collected to another organization, or directly to you, under certain conditions.

If you make a request, we have one month to respond to you. If you would like to exercise any of these rights, please contact us.

Children's Information

Another part of our priority is adding protection for children while using the internet. We encourage parents and guardians to observe, participate in, and/or monitor and guide their online activity.

NitsuBot - RMP does not knowingly collect any data from children under the age of 13 because they may not use the bot (please refer to NitsuBot – RMP – Terms of Services). If you think that your child provided this kind of information on our bot, we strongly encourage you to contact us immediately and we will do our best efforts to promptly remove such information from our records.
